THE WEATHER.

Forecasts. Tonight and Wednesday fair and colder. New Mexico: Tonight and Wednesday generally fair and colder. West Texas: Tonight generally cloudy colder except in southeast portion. Wednesday fair and colder.

Weather Conditions. Under the influence of the north-western low center, precipitation in the last 24 hours has occurred in the north-west border states, California, Nevada and Utah.

The barometric ridge has drifted eastward and now occupies the position of the trough of yesterday, thus extending from the Lake region to the east Gulf coast.

Some rain has fallen in northern Florida and rain or snow in the middle Atlantic states.

The temperature has risen in central and southwestern Texas and eastern New Mexico; it has fallen in Utah, Nevada and northern California.

At time of report snow was falling in northern Utah.

Fair weather, with increasing cloudiness and falling temperature is indicated for this locality tonight and Wednesday.

VERY IMPORTANT MEETING IN BASE-BALL WORLD

Gathering Is Being Held at Pittsburgh to Arrange Schedules.

Pittsburgh, Pa., Jan. 25.—Two of the most important baseball committees in the National league are meeting here this week. These are the rules committee and the schedule committee. Both committees were in session until late last night and the results of their deliberations was the announcement of a 168 game schedule for the season. The schedule committee has been working in connection with the same committee from the American league, and it is now practically decided that the season will include 168 games for both leagues.

Double Umpire. The double umpire system has been officially recognized at last by the rules committee. The umpire behind the bat is to be the chief umpire and the one in the field will be designated as field umpire. More protection is also offered the umpire and more power given him to enforce his decisions, especially in matters regarding players on the bench who dispute his decisions or talk back. Such offenders the umpire may send to the clubhouse and fine if he sees fit.

Few Changes. Aside from changes in phraseology to clarify the meaning of the rules, there are few alterations in the rules. The amount of fines for violations of rules is set forth and the umpire also is given power to clear the bench of substitute players expressing their disapproval of decisions. The substitutes may be fined \$10 after being warned, and further may be sent to the clubhouse, to be called into the game, by the captain as he needs them. This was found to be advisable because much trouble was experienced by the National league last year from substitutes on the benches.

To Fine Batters. A batter throwing ball or catcher will also be fined for the first offense \$5. A coach's box extending 15 feet from the bases is provided. Foul strikes are designated "illegally batted balls." No change can be made in the batters' box by a batter after a pitcher is ready to deliver a ball. A ball passing an infielder and hitting an umpire on foul ground permits a runner all the bases he can get, but if an umpire is hit by a ball no runner can score unless forced by other base runners.

The batting order must be delivered to the umpire at the plate just before the game by the two captains.

This order must be maintained throughout the game unless a man is taken out.

Umpires to Rule. Umpires will make rulings on coaching violations or discoloring of the field. Umpires will not wait for the captain to notify them. Ground rules and calling games to enable teams to catch trains must be announced by the umpire. He will also call the game on his own judgment. When teams from the east playing in the west or vice versa agree upon a certain time to stop play that they may catch trains, they must start the game at least three and a half hours before their train leaves.

Whenever a player is substituted the captain shall notify the umpire, who shall announce it to the spectators. Throwing mask or glove at a batter or a fielder entitles the batter who becomes a base runner to three bases. These changes and additions become the law of baseball in the National league at once without further sanction.

SHILLING AND ARCHIBALD STARS AT JUAREZ TRACK. The riding of Shilling and Archibald at the Juarez track last week was easily the feature of the week. These two boys, both of them old hands at the riding game, have been putting over winners constantly. They have been getting the kinds of mounts they like, strong horses that will stand plenty of beating at the finish, and the two lads have been getting every ounce of race out of their mounts.

Stronger and more experienced than Garner, Beeson and the other small boys at the track, the two top line jockeys are able to get everything out of their mounts possible. Both Archibald and Shilling are as good riders as any seen on any of the tracks. Archibald's foot still bothers him some, but it does not interfere with his riding and he rode Colonel Bob to victory over Shilling on Goldfinch. These two premier boys will ride the meeting out at Juarez.

TURK WINS. Richmond, Ind., Jan. 25.—Yussif Mahmoud, the Turk wrestler, won from Stanley Fitzsimmons, reputed Australian champion. The Turk got two straight falls.

NO BOWLING. Because of the death Monday evening of Dr. J. M. Dicks, one of the dormitory roomers in the Y. M. C. A. building, the gymnasium, bowling alley and all other activities at the Y. M. C. A. were postponed. The scheduled bowling match will be played later in the week. There were no regular games scheduled in the Tivoli tournament.

Denies Quadruplets Birth.
Los Angeles, Cal., Jan. 25.—Expressing his belief that quadruplets were not born to Mrs. W. W. Wilson, Dr. A. C. Pratt, who attended the woman afterward, has refused to issue birth certificates. It is declared that the babies are not of the same age. In the Wilson home the claim is reiterated that Mrs. Wilson gave birth to quadruplets. Several years ago the Wilsons were honored by Theodore Roosevelt after the alleged arrival of triplets at their Chicago home. It was charged afterward that two of the "triplets" were borrowed for the occasion.

FARMERS MAY GO OUT OF UNION

Texas Organization Meets to Decide Whether It Will Secede or Not.

Fort Worth, Texas, Jan. 25.—The organization of the Texas Farmers' union convention occupied the entire morning and the fight on the vital issue of secession from the National union will come up this afternoon when president Loudermilk, of the state organization, and the executive committee will present arguments favoring withdrawal. Five hundred delegates are present, representing 150 counties.

The opposition leaders are E. A. Calvin, N. C. Murray and G. E. Pyle, the latter a former president of the state union.

Calvin declared: "I am here as a peaceable cloak, and hope to see an adjustment of the trouble."

He admitted that he probably will participate in the proceedings, however. Calvin insists that the meeting is only a conference, while I. F. Townsend, of the executive committee, and Loudermilk say it is a convention with full and binding power.

This point itself will cause a warm dispute. Chas. Schaw, gubernatorial candidate of the farmers, addressed the delegates this morning.
